~~Department.~~

SIR,

In continuation of this office letter No.C.4309/Gl. 18-19 dated 4th February 1920, I have the honour to state that the Chief Engineer in Mysore has, in his letter No.B.11820 dated 7th May 1920 again requested me to allot funds to the Deputy Commissioners for repairs to 1st and 2nd Class Travellers' Bungalows in their Districts from the special provision of Rs.30,000/- in the current year's budget, under 24 Civil Works, 8 Miscellaneous Establishment, for improvements to 1st and 2nd Class Travellers' Bungalows, although it was clearly pointed out to him in this office letters No.C.4309/Gl.18-19 dated 4th February 1920 and 16th April 1920 (copies enclosed) that the allotments for repairs should be made, as usual, from the Public Works Budget and that no allotment could be made therefor from the special provision referred to above which was intended by Government for certain other specific purposes such as supply of furniture to Travellers' Bungalows as per scale sanctioned in Government Order No.G.17618-78/G.M.198-14-60 dated 24th June 1918 and making improvements to them to the extent specified in the same Government Order. I have again replied

Despatched

Received

General No. 30

Enclosure No.

SUBJECT.

Re the repairs and improvements of 1st and 2nd Class Travellers' Bungalows.

---

to him inviting his reference to my previous communications referred to above and suggesting the utilization of the unutilised portion of the above mentioned provision of Rs.30,000/- for the ordinary repairs of Travellers' Bungalows, if no other funds are available for the purpose, as it will otherwise lapse at the end of the year.

2. In this connection, I beg to bring to the notice of Government that, according to the orders of Government, the responsibility of having the Travellers' Bungalows properly equipped with the necessary furniture rests with the Revenue Commissioner while the Public Works Department is responsible for carrying out the necessary improvements in accordance with the Government order; but a common provision is made in the Public Works Budget both for the supply of furniture to the Travellers' Bungalows and for their improvements. This arrangement must lead to confusion and unnecessary correspondence between the Revenue Commissioner and the Chief Engineer. Unless a separate provision is made for the supply of furniture to the Travellers' Bungalows according to the sanctioned scale and placed at the disposal of the Revenue Commissioner, it will not be possible for him to satisfactorily discharge his responsibility in this respect. I therefore beg to suggest that the necessary allotment for furniture may be arranged to be separately provided in the Revenue Budget of the ensuing year and placed under the Revenue Commissioner.

3. With regard to the improvements and repairs to Travellers' Bungalows also it may perhaps be convenient to entrust it to the Revenue Commissioner who is now, in a way, vested with the administrative control over the Travellers' Bungalows. If this view is accepted by Government, I beg to suggest that the necessary provision for special improvements

as

as well as for repairs to Travellers' Bungalows of the First and Second Class may also be placed at the disposal of the Revenue Commissioner and that the powers of the Deputy Commissioner and the Revenue Commissioner to sanction estimates for repairs etc., may be defined as follows:--

(i) Deputy Commissioner to sanction all estimates for repairs and improvements up to Rs.250/-.

(ii) Revenue Commissioner to sanction all estimates for repairs and improvements up to Rs.1,000/-.

(iii) Estimates above Rs.1,000/- to be sent up to Government through the Revenue Commissioner for sanction.

The works may be carried out in the Maramat Department under the Deputy Commissioners unless the estimate exceeds Rs.1,000/- in which case the Public Works Department may be entrusted with the execution of the work.

I have the honour to be,

S i r,

Your most obedient servant,

Revenue Commissioner.

B.R.

Letter No.C.4309/G1.18-19 dated 4th February 1920, from the Revenue Commissioner in Mysore, to the Chief Engineer of Mysore, Bangalore.

Referring to your letters Nos.B.7937 dated 22nd January 1920 and B 8122 B 26-1-20 stating that furniture etc., to Travellers' Bungalows may be supplied from the provision of Rs.4,069/- made for furniture and crockery under 24 Civil Works and that the sum of Rs.8,151/- required for petty repairs of Travellers' Bungalows may be allotted by me from the provision of Rs.30,000/- "for improvements" in the current year's budget under 24 Civil Works, I have the honour to state that funds for petty repairs of Travellers' Bungalows have to be found, as usual, from the Public Works Budget and that it will not be possible to allot funds therefor from the provision referred to. The provision of Rs.50,000/- made in the last year's budget specifically for improvements was intended by Government to be spent in a defined proportion on permanent improvements to Travellers' Bungalows such as sinking wells, constructing kitchens, providing additional accommodation etc., and for supplying furniture of standard pattern to Travellers' Bungalows, as is evidenced by the accompanying extract of the Chief Secretary's letter No.G.27910/G.M.68-18-35 dated 14th June 1919 to this office. As the bulk of last year's provision could not be utilised, application was made to Government for repeating the provision in the current year's budget and it was in consequence that the provision of Rs.30,000/- which was omitted to be made in the Provisional Estimates for 1919-20 was made in the final budget. There is no reason to suppose that Government have since changed their intention regarding the scope of the said provision in the current year's budget, although the extent up to which the improvements

P.T.O.

improvements may be effected and the purchase of furniture etc., made out of the said provision has yet to be defined.

Government have been addressed separately in this matter and on receipt of their orders a further communication will be made. The supply of furniture according to the scale laid down in Government Order No. G 12618-78 / G.M 198-14-60 dated 24-4-[illegible] has necessarily to be met out of the provision of Rs.30,000/-.

" C o p y "

For Revenue Commissioner.

Letter No.C.4309/ of 18-19 dated 16th April 1920 from the Revenue Commissioner in Mysore, to the Chief Engineer of Mysore, Bangalore.

With reference to your ~~in~~ Memo No.B.10596 dated 3rd April 1920 forwarding copy of your letter to the Deputy Commissioner of Hassan stating that application may be made to me for funds required for repairs to Travellers' Bungalows, I have the honour to invite kind reference once more, to this office letter No.C.4309/G1.18-19 dated 4th February 1920 and to para 5 (9) of Government Order No.G.17618-78/G.M.198-14-60 dated 24th June 1918 indicating where provision for repairs to Travellers' Bungalows should be made. Funds required for executing repairs to Travellers' Bungalows have to come from the Public Works Budget and applications for such funds have to be made to you as the authority having control over such funds. The scope of the special provision for improvements of 1st and 2nd class Travellers' Bungalows in the current year's budget was explained in this office letter referred to above and it will not be possible to allot funds therefrom for repairs to Travellers' Bungalows.

2. In this connection, I have to invite your kind reference to this office letter No.C.4693/G1.17-18 dated 15th January 1920 intimating the requirements of the several Districts in regard to repairs to Travellers' Bungalows and to add that if the funds asked for are not allotted from the Public Works Budget necessary repairs to Travellers' Bungalows will go unexecuted for want of funds.
